

## Program Inventory

The following programs are approved by the Council on Postsecondary Education for Kentucky's colleges and universities. The inventory is updated when a new program is approved by the Council or the status of a current program changes.

Here are some important features of this application:

- The initial view of the inventory displays the entire report, but drop-down boxes are available to filter the inventory.
- Sorting is also available on each field of the report (arrows beside the field names).
- If the user requires a printed copy of the report, the export feature must be used for that purpose.
- Internet Explorer is the preferred browser for this application.

If you need any additional assistance, please contact us at <https://cpe.custhelp.com/app/ask>.

**INVENTORY OF APPROVED ACADEMIC PROGRAMS**

For the instructions and features of the report click [here](#).

Follow links for further information about CPE's [program approval](#) and [licensing processes](#).
